

Designing joyful, inclusive,  
and sustainable play  
experiences

# Movement for every heartbeat

We don't just create playgrounds.  
We design unforgettable experiences – places that bring joy and inspiration for everybody.

At Lappset, our mission is to improve the well-being of the world by creating inspiring pla(y)ces that stretch the imagination, foster learning, respect nature, and encourage activity for all mankind. Lappset philosophy is to design outdoor recreational equipment, playgrounds, and parks that are always as socially inclusive as they are sustainable. Our dream is to strengthen the heartbeat of more than a billion people by 2030.

We are serious about play and movement!

## Join the Lappset experience

We at Lappset have elevated our sustainable playgrounds into masterpieces, where every child's adventure is both enlightening and safe.

Lappset is one of the world's leading manufacturers of playgrounds and outdoor exercise equipment. We feel confident to call ourselves experts in moving people of all ages through play, sports, and exercise. For more than 50 years Lappset has been creating play and sports facilities around the world and acting as a global trendsetter in the field.

### Passionate know-how from the happiest country\* in the world

Lappset is a Finnish, Lapland-based family business. Learning and inclusiveness is in our DNA: we take inclusivity to heart with everything we design and create. Our products are always designed and manufactured in compliance with applicable safety standards. (\*World Happiness Report 2023)

### Your trusted long-term partner

Through deep expertise, we develop and deliver new concepts and methods to enjoy and bring the best innovations to users first. With our comprehensive maintenance services and stellar Nordic know-how, Lappset playgrounds and creative activity parks function comfortably and safely all year round.

Please note that the products in the picture comply with EU safety standards. US products may differ.

# Northern wood – naturally durable, safe and sustainable

The future is built on wood and we are the leading experts in wooden playground solutions.

Wood is an excellent material when creating unique playgrounds. It's an ecological, environmentally friendly, and renewable natural resource with a low carbon footprint. It has a natural and warm appearance, making playgrounds and outdoor furniture feel more inviting. Wood is also an ideal material from a design perspective, as it can be formed into many different shapes and can easily support both tall and heavy structures.

Please note that the products in the picture comply with EU safety standards. US products may differ.

## Extreme Arctic durability

As an organic material, the Northern pine, *Pinus Sylvestris*, is well suited to a very broad range of climatic conditions, from harsh northern winters to the southern sun and humid coastal areas. In Finland it has always been exposed to the four dramatically changing seasons and challenging weather conditions that shift from one extreme to another.

In order to ensure the long life of our high-quality playground equipment, we use a closed process to treat our wood with safe and environmentally friendly preservatives.

Designed in accordance with European and **ASTM safety standards** and produced from PEFC™-certified Nordic pinewood as well as other carefully chosen safe materials, our products mirror the responsibility we carry as a family-owned company with firm roots in Finland's Lapland.

The frost may bite, and the sun may scorch, but the Northern pine will endure it all for decades to come.

Please note that the products in the picture comply with EU safety standards. US products may differ.

# Play

Learning and joy  
from play!

Everywhere in the world, children play if given the chance. A safe and inspiring playground supports learning and a child's holistic development. It feeds creativity, strengthens the ability to concentrate and develops social skills and motor functions. Our basic philosophy is to provide children and their parents with a chance to play and exercise together. Our climbing frames, slides, carousels, spring riders, sandboxes, and numerous other play equipment offer memorable moments for all ages.

**We want to create environments that are accessible and engaging for people of all ages and abilities.**

All the products have been designed to meet the ADA requirements.

## Lappset MyDesign – Personalized versions to meet your needs

Our MyDesign service helps you to introduce modifications to our standard products.

Suppose you're not creating a playground from scratch. In that case, our MyDesign service can assist you in adapting Lappset's pre-existing playground equipment to fit your requirements. Personalized versions of our standard playground products are versatile enough to suit all locations and settings!

# Bespoke playgrounds – Unique playscapes

The most important thing to remember when planning a destination playground is to let imagination flow. Be wild, go crazy and have fun! We take care of the rest.

Unleash your wildest imagination and explore endless possibilities with Lappset's tailored solutions to create bespoke playgrounds and public areas. Lappset team helps you to design a unique playground according to your wishes.

## Sculptural or themed design?

We offer two distinct design directions that will ignite your imagination and bring your project to life. **Sculptural design** integrates seamlessly with its architectural environment. Picture a structure that becomes a work of art, either as a landmark or by blending harmoniously with its surroundings.

We can also start from captivating a story, and making a **themed design** for those seeking an immersive adventure. Imagine stepping into a world of pirates, where every corner is a new chapter waiting to be explored.

Explore tailor-made concepts  
This is what state-of-the-playful-art  
playscapes look and feel like.

**Fun fact!**  
Lappset is a play on words. In Finnish, the word "lapset" means "children." The name combines "Lap-" from "Lapland" with "-set," which refers to a set of equipment.

Please note that the products in the picture comply with EU safety standards. US products may differ.

## Lappset Vertical Maze

### Stand-out playgrounds in limited spaces

This creative solution has proven that playgrounds don't have to come at the expense of space - with a little bit of imagination, you can turn any limited area into an exciting adventure! The Vertical Maze "Tunturi" offers customization options, enabling customers to tailor it to their desired size and play functions.

Please note that the products in the picture comply with EU safety standards. US products may differ.

## Vertical Maze in Paris, France

The School of Parmentier in Paris was looking to create a unique, stand-out playground in their limited space. The design team at Lappset came up with the creative solution; the Vertical Maze "Tunturi," a new modular wooden structure that fits perfectly into smaller spaces.

## Karingal Hub in Karingal, Australia

Karingal Hub Happy Camp Vertical Maze provides an immersive puzzle of ups, downs and sideways movements, offering a multitude of pathways, challenges and adventures. It takes inspiration from the favorite game Snakes and Ladders and ensures varied experiences for all ages.

Please note that the products in the picture comply with EU safety standards. US products may differ.

## Flora – Durable nature play

The nature-inspired design of Flora playground equipment allows you to play in an exciting forest, even in a bustling city.

With natural playground equipment Flora, it's possible to create endless routes or just a little playground. The installation, maintenance, and changing of the spare parts of the Flora series could not be easier. It's cost-effective, safe, and long-lasting. Standard spare parts are quickly available and easy to install.

It can be a fun jungle out there!

Playground in Texas.

## Magic Mountain

Magic Mountain is an exciting control center and a watchtower for the courageous and agile magicians. With the highest point reaching over 19 feet, it is also a stunning landmark.

However, not only magic will take the players up to the top floor. Instead, everyone can practice their climbing skills in many different ways to reach the intriguing "chambers" on multiple levels, and to enjoy the tube slide back down from the top!

## Fell of Ara

Fell of Ara rises to over 16 feet and rewards the climbers with three stories. This equipment for climbing and imaginary play adapts from the witch's home mountain to a cozy farmhouse, depending on the players' needs. The children can go up, down and even round with the many exits and entrances.

PLAY

# Halo

Infusing the joy of play  
with the art of design

**The design-award winning Halo is a delight to the eyes of both children and adults.**

High-quality materials such as Nordic pine, steel, laminates and special plastics are durable, and Scandinavian design brings a flair of modern elegance to the world of play.

Halo is suited for the urban play environment, and consists of gracefully matching modules.

Halo Cubic gives you a multitude of possibilities for building a variety of entities and also extending the playground upwards. Halo Diamond is an exciting option that will transfer play to a completely new plane.

The design of the Halo range was awarded with the German Design Award in 2016.

# Cloxx

– a playground  
with street cred

1 220468 Uranium

Cloxx products are made to withstand heavy wear and extreme conditions. They have been designed to look at home in the urban concrete jungle and they offer enough challenge to meet the demands of even the most exacting daredevils.

Cloxx playgrounds encourage diverse mobility. They are exciting and look sufficiently streetwise even to those who have reached

2 220131 Oxygen Mini

the age when they need more of a challenge. The vivacious shapes and geometrical structures of Cloxx products challenge the children to come up with new routes and to develop new worlds for their play. Cloxx is conveniently carefree and stays tidy-looking and safe for a long time without any major maintenance.

# Cloxx Parkour

– imagination and motion taking off

Cloxx Parkour products encourage urban and imaginative space exploration. These durable and limited maintenance products provide inspiration to parkour enthusiasts of all ages, and are an excellent choice for an urban environment. Cloxx Parkour products conform to the European Standard for Playground Equipment EN1176, making them suitable for schoolyards and playgrounds as well.

By integrating Cloxx Parkour products into Cloxx playgrounds, the area can easily become a communal hangout for all age groups. The lively shapes and sturdy structures of the products allow the imagination to take off in both play and movement.

PLAY

## Solitaires

– fun equipment to spice up the playground

The playground classics add to the fun of the park and complete the enjoyment experience. Individual products fit into larger entities or lighten up play areas as stand-alone equipment.

The fun rocking animals can tolerate almost any amount of rough riding, but they are also suited for the smallest of children. Extra fun to the park is brought by different types of seesaws, balancing stands or a volt machine that makes your head spin from both the fun and the movement.

LAP PSET

# Sport

Exercising is a shared activity

A well-designed outdoor sports facility brings people of all ages and fitness levels together. Good muscle strength also prevents injuries and helps to maintain functional ability as we age. When training is safe and fun, up to three generations can share the fun in an outdoor sports area at the same time.

Outdoor gym equipment, parkour equipment and senior sports products create modern and versatile training conditions, regardless of age and fitness level. By combining equipment from different product groups, you can create an inspiring local outdoor fitness area for both everyday exercisers and active athletes.

**We want to create environments that are accessible and engaging for people of all ages and abilities.**

All the products have been designed to meet the ADA requirements.

# Sisu Fitness

– more strength and endurance

Whether it rains or shines, Sisu Fitness will guarantee you a proper outdoor workout. With Sisu Fitness equipment, everyone can create a suitable, comprehensive, and challenging muscle fitness program. The exercises are not only easy but also safe and fun. The stepless resistance adjustment makes the equipment ideal for all users, regardless of their fitness level. As you build muscle

strength, increasing the adjustable resistance adds motivation to exercise even more.

The bold design of Sisu Fitness equipment pleases the eye and fits in perfectly in a urban city environment. High-quality materials ensure that the equipment withstands both hard workouts and changing weather conditions.

SPORT

# Street Workout

– bodyweight training and impressive strength

The Street Workout equipment enables effective and versatile bodyweight training. A compact training area can be adapted to even a small space because, for example, dip bars, chinning bars, and pull-up bars are integrated into a single unit.

The Street Workout equipment has been developed in cooperation with the Finnish Street Workout Association and is suitable for urban courtyard environments, playgrounds, and jogging trails alike.

Choose from four ready-made colour themes, or design your own colourful solution!

SPORT

# Gym

Outdoor gym training

Gym training with a good supply of fresh air. The design of each piece of Gym equipment is so simple that it automatically steers people to do the exercises correctly, which improves safety and motivation. In the exercises, the trainers themselves function as the engine and the weights.

The fresh colour options are lime, grey, and white, which provide a wide range of possibilities for designing the area. The equipment can be easily serviced, and it has been manufactured from wear- and weather-resistant materials.

SPORT

# Senior Sport

– functional capacity for everyday life

The Senior Sport equipment maintains and improves the muscle tone, mobility, and motor skills of the elderly. The exercises are designed to strengthen seniors' ability to function in everyday life, such as climbing stairs, bending, or walking on uneven surfaces.

Our mission is to have people of all ages moving. A fitness session also adds a social dimension, as the Senior Sport area is a natural way for all generations, from grandparents to grandchildren, to spend time together.

SPORT

# Dash Parkour

– uninterrupted movement  
and rough training

The goal of parkour is to achieve smooth, uninterrupted movement in an impressive manner. This communal hobby develops creative movement, body control, and interaction with the environment. Dash Parkour equipment is designed in cooperation with Parkour Academy. The equipment offers enthusiasts a training place that conforms to the requirements of the sport, where it is safe and permissible to hone the movements.

Parkour areas fuel our imagination and provide a wide range of possibilities to use different kinds of movement routines and

route options for all ages. In the design of the area, you can make use of ready-made area designs or turn to Lappset's MyDesign service, where our designers collaborate closely with the sports professionals.

Dash Parkour equipments are designed according to SFS-EN 16899:2016.

When the falling height is less than 63 inches, there is no requirement for impact attenuating surface (IAS). The free height of fall shall be determined from the top of the equipment.

## Lappset Tag

– catch me if you can

Dash Parkour Tag game areas will elevate games like tag and 'The Floor is Lava' to a whole new level. The familiar rules of the games are the same as always, but the ready-made game area entities make playing much more fun. Everyone can play according to their own skill level and imagination.

The surface of the rough and durable equipment is made of non-slip material. With this equipment, you can create a game area that promotes both imagination and agility – perfect for a schoolyard or a park. The last one squatting is the first tag – let the game begin!

### 081790M TAG 1 – High and Low

Size: 35' 9.38" x 29' 4.36"

Products:  
081702M, 081712M, 081720M, 081721M, 081723M, 081730M,  
081731M, 081736M, 910328.

TAG 1 is designed to comply with EN16899 standard.  
Surface not included.

### 081791M TAG 2 – Over and Under

Size: 32' 0.12" x 30' 6.10"

Products:
